

**Minutes  
Town of Lake Park, Florida  
Regular Commission Meeting  
Wednesday, July 16, 2014, 6:30 PM  
Town Commission Chamber, 535 Park Avenue**

The Town Commission met for the purpose of a Regular Commission Meeting on Wednesday, July, 16, 2014 at 6:30 p.m. Present were Mayor James DuBois, Vice-Mayor Kimberly Glas-Castro, Commissioners Erin Flaherty, and Kathleen Rapoza, Town Manager Dale S. Sugerman, Attorney Thomas Baird, and Town Clerk Vivian Mendez. Commissioner Michael O'Rourke arrived at 6:33 p.m.

Town Clerk Mendez performed the roll call and Mayor DuBois led the pledge of allegiance.

Mayor DuBois	X		

Motion passed 4-0.

**PUBLIC HEARINGS - ORDINANCES ON FIRST READING:**

**2. ORDINANCE NO. 10-2014 Amending Chapter 78, Article I, Section 78-2 to Modify the Definition for "Substance Abuse, Treatment Facility" and Amending Chapter 78, Article III, Section 78-71 (2)(F) to Eliminate the Distance Separation Requirement to Residential Properties for Substance Abuse Treatment Facilities**

Community Development Director Nadia DiTommaso explained the item (see attached Exhibit "A").

Vice-Mayor Glas-Castro asked if the Town's Code Special Exception language was strong enough to place the obligation on an applicant and allow the Town to say no when necessary.

Attorney Baird explained that the language proposed is standard.

Commissioner O'Rourke asked why the agenda item was placed on the agenda.

Community Development Director DiTommaso explained that staff received an application from an individual that would like to open a professional counseling office along Northlake Boulevard, along with a letter from the applicant's attorney questioning the existing Code language as possibly being discriminatory.

Mayor DuBois asked if the application was being considered under a Special Exception use.

Community Development Director DiTommaso explained that several inconsistencies in the Town Code were brought to staff's attention, which was what triggered this agenda item.

## **NEW BUSINESS:**

### **5. Resolution No. 20-07-14 Establishing Sanitation Rates in Support of a Vehicle Replacement Program.**

Town Manager Sugerman explained the item (see attached Exhibit "B").

Vice-Mayor Glas-Castro expressed concern with the proposed language such that it would possibly encourage an increase in the amount of trash being put out to the new proposed limit of 20 cubic yards.

Public Works Director Dave Hunt explained that it is important that the language pertaining to the collection schedule and fines remain in place. The goal of the Sanitation Division is to maintain clean streets by collecting the trash loads as soon as possible. He advised the Commission that even though this revised rate schedule will allow for additional trash being put out for no additional fee (up to 20 cubic yards), the Sanitation Division will make sure that all trash is picked up in a timely manner and that the streets of the community will remain clear of trash and debris.

Commissioner O'Rourke asked for clarification about the commercial accounts.

Public Works Director Hunt explained that when a commercial account calls for a special pickup they are charged a special pickup fee. The commercial accounts would maintain their current pickup schedule, but unless their trash load exceeds 20 cubic yards, they would not be charged the special pickup fees.

Town Manager Sugerman clarified that a portion of the commercial rates are also being adjusted so additional revenue would be generated.

Commissioner O'Rourke asked when the fees would take effect.

Town Manager Sugerman explained that they would take effect as of October 1, 2014.

Mayor DuBois commented that the last time the rate was adjusted was in 2009. He stated that it might have been easier on residents to have the rates increased slowly overtime versus one large amount.

Town Manager Sugerman stated that staff did try to develop a rate that would generate the revenue needed for this program in smaller increments over the next few years, but that pace would not generate the revenue necessary to properly fund the proposed vehicle replacement schedule, which would be implemented over the next 14 years. He explained that the plan is a combination of both the purchase of new vehicles, as well as the refurbishment of packer arms and container replace parts on the vehicles that still have good chassis.

**Motion: Commissioner Rapoza moved to approve Resolution 20-07-14; Vice-Mayor Glas-Castro seconded the motion.**

#### **7. Authorizing the Mayor to Execute the Tenth Addendum to the Law Enforcement Services Agreement between the Town of Lake Park and Sheriff Ric L. Bradshaw For the Period beginning October 1, 2014 through September 30, 2015**

Town Manager Sugerman explained the item (see attached Exhibit "D").

The Commission questioned the cost of additional deputies, the possibility of going with another law enforcement agency, and the increase of costs from the Palm Beach County Sheriff's Office each year. Town Manager Sugerman addressed all of those concerns.

**Motion: Commissioner Rapoza moved to approve the Tenth Addendum to the Law Enforcement Agreement; Commissioner O'Rourke seconded the motion.**

## **TOWN ATTORNEY, TOWN MANAGER, COMMISSIONER COMMENTS:**

**Town Attorney Baird** asked the Commission if his attendance was necessary at the budget meeting scheduled for Thursday, July 17, 2014. The Commission stated that his attendance was not necessary. He provided an update on the Town's Voting Rights case. He explained that he had a good conversation with one of the attorney's from the Department of Justice (DOJ) that was involved in the Town's original Voting Rights Act case. He stated that this attorney is the last one left at the DOJ that worked on the case. He explained to this attorney what has occurred in the past few elections in Town and the issues that the residents have with the Limited Voting system. The attorney was sympathetic and surprised that the system did not produce the results that were intended. They agreed that the attorney would speak with his superior and then contact him (Tom Baird) back if they felt it was appropriate to meet with the Commission.

**Town Manager Sugerman** updated the Commission on his conversation with the Northern Palm Beach County Chamber of Commerce President and CEO Beth Kiegel regarding the Branding Initiative. He explained that they are still in the exploratory stage and have not chosen a specific theme for the brand. Ms. Kiegel stated that the Town could be a sponsor at the \$1000 level. He announced that the next Sunset Celebration would be held on July 25, 2014 from 6:00 p.m. through 9:00 p.m. at the Lake Park Harbor Marina. The Commission discussed the event and budgeting of the Sunset Celebration.

**Commissioner O'Rourke** thanked Public Works Director Hunt, and his staff for all their work on the new Sanitation program. He announced some of the businesses on Park Avenue and other events that are taking place in town: Sunset Celebration; Brew House Gallery; Artist of Palm Beach County. He apologized for not attending the past two meetings because he was away on vacation during the first meeting and was in trial during the second meeting.

**Commissioner Rapoza** explained that she spoke with Josh Stewart of Earl Stewart Toyota, who proposed a free movie night at Kelsey Park. She thanked Public Works Director Hunt for the great work on the Sanitation plan.

**Commissioner Flaherty** announced that Thursday, July 17, 2014 would be a budget meeting at 6:30 p.m. He stated that he was concerned when he saw that the Sanitation rates were being adjusted, but after hearing the presentation, he agrees that it would be a great program for the Town.

**Vice-Mayor Glas-Castro** had no comments.

**Mayor DuBois** asked if the Town Manager had an opportunity to speak with Shellco Construction Corporation regarding the condition of the roads on Gateway Road.

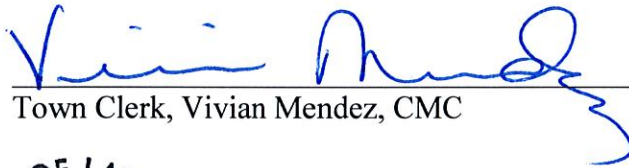

Town Manager Sugerman explained that he has developed a working relationship with Jean Chardon, the president of Shellco Construction Corporation and they have developed an action plan for how to deal with some of the activities that are taking place in the neighborhood.

## ADJOURNMENT

There being no further business to come before the Commission and after a motion to adjourn by Commissioner Rapoza and seconded by Vice-Mayor Glas-Castro, and by unanimous vote, the meeting adjourned at 8:11 p.m.

### Summary Explanation/Background:

Every now and again staff comes across certain regulations of the Town Code of Ordinances that are inconsistent with other sections of the Town Code and brings them forward to the Town Commission for consideration. In this case, a third-party attorney working alongside a new business applicant, alerted staff of certain inconsistencies in the Code.

As the Town Commission is probably already aware, all properties in Town are regulated pursuant to their corresponding zoning district designations. A majority of the south side of Northlake Boulevard is designated as a Commercial-1 (C-1) zoning district. As with all zoning districts, there is a list of permitted uses (for example, professional offices, restaurants, etc.) which may operate within the zoning district "by right". That is, no special permission is needed for any type of use that is on the list of permitted uses for that zoning district. Additionally, there are other types of uses that are allowed in a particular zoning district, but those uses are not allowed to operate "by right" but rather, they need permission to operate as part of a special exception use which requires an additional public hearing review process based on their potential impacts to the surrounding neighborhood where they are proposing to locate the particular use.

A "substance abuse treatment facility" is one of the special exception uses permitted in the C-1 zoning district under Section 78-71(2)(f). However, this is the ONLY zoning district that lists the use of a "substance abuse treatment facility" with an additional distance separation requirement of 1,500 feet to residential properties. This additional separation requirement is problematic due to the fact that all but maybe a few properties located along Northlake Boulevard are immediately adjacent to residential properties. That is, virtually all property fronting the south side of Northlake Boulevard is basically separated by 0 (zero) feet from residential property. It is further problematic in that substance abuse treatment facilities are actually PERMITTED BY SPECIAL EXCEPTION APPROVAL in ALL RESIDENTIAL zoning districts. This therefore creates an unsustainable conflict in the Town Code. To that end, staff recommends eliminating the distance separation language as follows:

#### **Chapter 78, Article III**

##### **Sec. 78-71. C-1 business district.**

**(2)(f) Substance abuse treatment facilities, provided that any such facility shall not be located within a radius of 1,000 feet of another existing facility ~~or within 1,500 feet of a residential zoning district~~**

Finally, understanding that each zoning district has certain uses that are permitted by right (in other words, can be approved administratively by staff) and other uses that are permitted by special exception use application (Town Commission approval required), staff is also proposing to modify the *substance abuse treatment facility* definition in Section 78-2, as follows:

#### **CHAPTER 78, ARTICLE I**

##### **SECTION 78-2**

***Substance abuse treatment facility means a facility having one or more service components that are not otherwise permitted by right by the governing zoning district and that are operated by service providers licensed by the state as defined in F.S. ch. 397.***

This modification would prevent the “double-obstruction” effect from taking place. For example, if a Doctor of Psychology proposes a ‘professional office’ to counsel individuals with eating disorders, this would currently be classified as a “professional office” in the C-1 zoning district and would be permitted to locate in this zoning district “by right”. However, if this same Doctor of Psychology also counsels patients in recovery, which is considered **one** component of a ‘substance abuse treatment facility’ licensed by the State of Florida, this service would not be permitted “by right” solely based on the ‘type’ of individual being counseled. The only way to rectify this “double-obstruction” regulation is to modify the definition in Section 78-2 as proposed above. If it is not modified, the Code, as it is currently written, essentially provides for an approval by right for certain patients and an approval *only* by special exception use application for individuals in recovery. This double obstruction is inconsistent and could potentially be deemed discriminatory. Consequently, staff recommends modifying the definition in Section 78-2.

**Recommended Motion:** I move to APPROVE Ordinance 10-2014 on first reading.

### Summary Explanation/Background:

As the Commission is aware, the vehicles within the Sanitation Fund are aging rapidly, are breaking down more frequently, and we continue to be plagued by unexpected repair bills. There are two annual budget line items that reflect the condition of the aging sanitation fleet. The Repair & Maintenance (404-46000) and Vehicle Parts & Supplies (404-46300) budget lines have been steadily increasing over the past three years and are now creating a budget shortfall in the Sanitation enterprise fund. In Fiscal Year 2012, the repair and maintenance line item and the vehicle parts and supplies line item expenses totaled \$103,000. It is

estimated that the Fund will have to spend \$178,800 through the remainder of Fiscal Year 2014 while only \$114,000 was budgeted at the beginning of the year.

In order to halt this escalating budget trend, the Public Works Department has crafted a vehicle replacement and refurbishment plan that is designed to keep the fleet as up to date as possible, based upon a replacement plan for the next 10+ years. The plan is designed to avoid any surprises in the condition of the fleet. As outlined in all of the attachments, this plan calls for a sanitation fee adjustment which, if approved by the Town Commission, will allow the Sanitation Division to immediately lease/purchase two badly needed new pieces of equipment. In the following five years, two additional pieces of equipment will be purchased outright along with five vehicles receiving major refurbishments. Once the lease obligations are satisfied in Fiscal Year 2020, a vehicle purchase can be made every year thereafter without the need for an interest bearing loan. As the fleet is refurbished and new equipment comes on line, the annual expenditures for repair and maintenance and vehicle parts and supplies should stabilize and eventually start to decline.

The proposed vehicle replacement program will require adjustment of the annual sanitation rates based upon the amount of garbage and trash generated by each type of residential dwelling unit and commercial classification. By increasing residential collection rates by four dollars per month per household, the Sanitation Fund would realize additional revenue of 28.7% over current receipts from this category of customer. Currently, single family residences and multi-family dwellings with less than 5 units pay \$167.49 per year (\$13.96 per month). This rate was set in 2009 and was raised slightly from the 2002 rate of \$164.00 per year (\$13.67 per month). The Town of Lake Park's new rate would be \$17.96 per month. This is competitive with other Palm Beach County municipalities' monthly rates:

- Boca Raton	\$16.90
- Boynton Beach	\$14.00
- Lake Worth	\$20.48
- Lantana	\$18.98
- West Palm Beach	\$18.35

In addition, in order to meet the goals of the vehicle refurbishment and replacement plan as presented herein, revenues from the annual commercial assessments would need to be adjusted by 25%. This once a year payment would allow the monthly commercial collection rates to remain stable at the current 2009 levels. If approved by the Town Commission, this program of residential and commercial rate adjustments would generate an additional estimated annual amount of \$166,000.

Along with the proposed rate adjustments, and recognizing the importance of providing our customers with the best municipal waste collection service that the Town of Lake Park can provide, the Sanitation Division wants to increase the level of service that is being offered. The amount of vegetation and bulk trash that will be collected, at no additional charge, will be expanded to 20 cubic yards from the current two cubic yard pile. Any trash pile over 20 cubic yards (one full truck load) will be collected for a flat rate of \$35 plus the Solid Waste Authority's charge for the disposal (based upon weight and classification of the load). The current fee structure requires that any pile collected over two cubic yards be charged back to the homeowner at \$5.00 per cubic yard. We also propose that any fines for putting vegetation and bulk trash out on the wrong day will still be assessed at the current rate of \$25 but the late fee will be increased to \$15.00 or 1.5% (whichever is greater) per month (from the current rate of 1.0% per month) on any outstanding balance in order to recoup processing costs.

### Summary Explanation/Background:

Each fiscal year, the Commission must either renew the existing non-Ad Valorem stormwater rate by motion or adjust the rate as it sees fit by Resolution.

The existing (FY 2013-2014) rate of \$6.50 per month for each Equivalent Stormwater Unit (ESU) was established in August 2009 pursuant to Resolution 33-08-09, a copy of which is attached. Staff recommends that no adjustment be made to the rate and that it be held constant at \$6.50 per ESU per month.

### Recommended Motion:

I move that the existing non-Ad Valorem stormwater rate for fiscal year 2014-15 be set at \$6.50 per ESU per month.

### Summary Explanation/Background:

Sheriff Ric L. Bradshaw and his Palm Beach County Sheriff's Office (PBSO) have offered to continue to provide police protection services to the Town of Lake Park for the fiscal year beginning October 1, 2014 and continuing through September 30, 2015. The cost for the next year of police protection services of \$2,648,850.00 is an increase of \$26,226 over the current year contract of \$2,622,624 (a 1% increase year-over-year) and compares favorably to last year's increase of \$51,424.00 over the prior year's contract expense of

\$2,571,200.00 (which was a 2% increase year-over-year). In all other respects the contractual relationship is not changing.

Attached to this agenda item is the original base agreement (October 1, 2001) which is now being proposed with its tenth addendum.

If the Commission desires to terminate the contract with PBSO, such termination would be governed by Section 11.1 Notice and Section 11.7 Termination of the base agreement. Section 11.7 reads as follows:

*11.7 Termination. The TOWN shall retain the right to terminate this Agreement without cause upon one hundred eighty (180) days notice to PBSO pursuant to Article 11.1 of its desire to cancel.*

Should the Town Commission desire to cancel the proposed agreement prior to its expiration, it would have to provide PBSO with appropriate notice before March 29, 2015.

**Recommended Motion:** I move to authorize the Mayor to execute the tenth Addendum to the Law Enforcement Service Agreement between Sheriff Ric L. Bradshaw and the Town of Lake Park.
